Hospital Wound Management - Product Vision

The Hospital Wound Management Project will enable a much more convenient management of patients' wounds. Tablets running on multiple platforms (iOS, Android, Windows phone) will give an overview of a patient's wounds including wound histories. This simplifies treatment and (medical) care of the wounds and prevents errors.

patient selection	menu, where you can select the patients
login screen	login screen, 4 pin password

		Infrastructure	PhoneGap Build	As a developer, i want to use the PhoneBuild Gap?	###

#	Rel.	Size	Category	Short Name	Item Description	Acceptance Criteria
6		3	Research	PhoneGap Build - Process Comparison	As a developer, i want to know, whether it is possible to use the PhoneGap Build process with our frameworks.	Document, why it is not possible to integrate the PhoneGap Build/ how to integrate/costs.
10		5	Infrastructure	Integrate PhoneGap	As a developer, i want to use PhoneGap.	PhoneGap is integrated to project; WinPhone and Android are releaseable
11		3	Infrastructure/G	Develop-Screen	As a Developer, i want to link to my GUI elements from a 'central' element.	A element with linking capabilities to the other GUI elements has been created. (The provided template has been adjusted accordingly). Code with comments.
12		8	Database	DB-Backend	As a developer, i want to be able to access a local DB.	Database + Wrapper implemented -> provide data for patient selection
13		3	GUI	Picture	As a User, i want to see a schematic picture af a patient.	See the schematic picture of a patient
14		5	GUI	lock\Unlock	As a User, i want to be able to log on, using a 4 number pin code and log off.	Login screen with a unlock function. Logout function stub.
15		3	GUI	Select Patient	As a User, i want to select different patients	See a list with patients and be able to select a patient. -> stub link to patient picture

#	Rel.	Sprint	Est. Size	Real Size	Category	Short Name	Item Description	Acceptance Criteria
1		1	5	8		Toolchain Vaadin	As a developer, i want a working Toolchain to compile a Vaadin project	Win7 Toolchain which compiles a simple „Hello World“ for Vaadin.
2		1	5	8		Toolchain mGWT	As a developer, i want a working Toolchain to compile a mGWT project	Win7 Toolchain which compiles a simple „Hello World“ for mGWT.
3		1	1	2		Doku Toolchain Vaadin	As a developer, i want a documentation about how to set up a Vaadin Toolchain	Step-by-Step documentation on how to set up a Win7 Vaadin Toolchain
4		1	1	2		Doku Toolchain mGWT	As a developer, i want a documentation about how to set up a mGWT Toolchain	Step-by-Step documentation on how to set up a Win7 mGWT Toolchain
5		1	3	3	Research	DB-Backend Compatibility	As a developer, i want to know which DB-Backends are compatible with our toolkits.	List of compatible Databases
7		1	3	2	Research	GUI Contents	As a developer, i want to know how much functionality the GUIs of our frameworks have in comparison.	Document with a general comparison.
8		1	3	3	Research	GUI native feeling	As a developer i want to know how native the toolkits' GUIs feel on the devices.	collect some studies concerning native gui feeling with the frameworks + give overview over them

#	Rel.	Sprint	Est. Size	Real Size	Category	Short Name	Item Description	Acceptance Criteria
9		1	3	3	Research	Offline-Capabilities	As a developer/product owner/industry partner, i want to know how much offline capabilities the toolkits have.	overwiev concerning the offline capabilities

Name	Explanation	Solution
Deadlines	too late checkouts	The deadlines are strict. On Sunday, even if nothing has been done yet, this is to be entered in Sun. feedback. Always upload to GIT if ready.
