Hospital Wound Management - Product Vision

The Hospital Wound Management Project will enable a much more convenient management of patients' wounds. Tablets running on multiple platforms (iOS, Android, Windows phone) will give an overview of a patient's wounds including wound histories. This simplifies treatment and (medical) care of the wounds and prevents errors.The documentation of wounds will increase in efficiency.

Hospital Wound Management - Product Glossary

Term	Definition
patient selection	Menu with names of patients, where the User can select a specific patient.
login screen	Screen, where the User can login with a personal 4 digit password.
DB	[Abbreviation] database

Hospital Wound Management - Release Plan

Release	1.0					
No Sprints	6					
Due Date	28.05.14					
Sprint #	Theme	User Stories	Est. Size	Real Size	Burn-Down	Dev Speed
0	Research Frameworks	1, 2, 3, 4	12	20	12	
1	Infrastructure/Database/GUI elements	1-4, 5, 6, 7, 8, 9	27	31	2	
2	Infrastructure/Database/GUI elements	6, 10, 11, 12, 14, 15, 27, 28	33	37	2	
3	Infrastructure/Database/GUI elements		68		3	
4	GUI integration/Database Integration

Hospital Wound Management - Product Backlog

#	Size	Category	Short Name	Item Description	Acceptance Criteria	Responsible	
18	5	GUI/View Technisch schon vorhanden	Select ward	As a User, I want to have the option to select the ward before selecting the patient	See a list of wards and be able to select one/all -> see a list of patients + employee anpassen, sodass er zur station gehört	Simon	
~~33~~			~~DB- Connection~~	~~Verbindung zw Stationen und Patienten herstellen~~	sprint backlog		
22	5	GUI	wound documentation (2nd step)	In a second step the User wants to allocate the position of the wound in the graphic of the patient; Attention: After the data is saved, it cannot be changed anymore;	allocate wound in graphic -> wound allocation is shown for the patient	Eugen	
~~26~~			~~login/drop-down~~				
19		5	GUI	Select wound	As a User I want to get more information about a wound: coverage date, type, size, etc.	get information about wound listed	JENNY
21		5	GUI	wound documentation (1st step)	As a User, I want to document new wounds. As a first step the wound data have to be documented; After the data is saved, it cannot be changed anymore;	document wound data -> a new wound is listed	JENNY
34			GUI	wound healed	As a User, I want to mark a wound as healed. No new wound descriptions can be added.	A selected wound can be merked as healed (User is questioned if it really is healed). A healed wound cant get another description.	

Hospital Wound Management - Product Backlog

35				GUI	see healed wounds	As a User, I want to select whether I see healed wounds or not.	A fitting selection method has been implemented. It is possible to switch modes to see all wounds or only new wounds.	
36					Offline-capability			
37					clean repository	Git: create (usable) filestructure		
38					Integration??			
39				bug	numberformat exception			
40				windows	windows camera not availaible			
41				externe dateien mit sprachstrings				
soon:							#	
					Performance			
					save password hashed (assume save wlan)			
			EEPIC		ALERT SYSTEM			
			EPIC		offline capability			
						Unterschied Wundbeschreibung/ Wundstatus		
						wundstatus/wundverlauf (vs. wunddokumentation		

Hospital Wound Management - Sprint Backlog

#	Rel.	Size	Category	Short Name	Item Description	Acceptance Criteria	Responsible
13	3	3	GUI	Picture	As a User, i want to see a schematic picture af a patient.	See the schematic picture of a patient	ruben
29	8	8	Infrastructure	Vaadin and Phonegap	As a developer, i want to have a Project structure that uses both Vaadin and PhoneGAP.	Documentation of project structure. A compiling project structure (1+ platforms).	eugen
23	2	3	Research	Camera	As a developer, i want to use the Camera without PhoneGAP	simple code that takes a picture\reason why you cant do it without PhoneGAP.	jenny
24	**x**	**3**	**DB**	**db-passwd**	**As a developer, i want to access the DB via web.**	**A DB can be accessed via the server provided by the OSS-Chair.**	**stefan**
25	2	2	DB	db-dokumentation	As a developer, i want to know, how to set up a local DB.	A step-by-step guide on how to set up a working local DB.	stefan
30	5	5	DB/infrastructure	db integration	As a developer, i want to acces the provided DB.	The full functionality of the provided DB can be accessed via java.	stefan
31	3	5	Infrastructure	storyboard	As a developer, i want to see the big picure of our application and where my new view has to link to.	A nice storyboard, with all the links between the views.	ruben
32	**x**	**1**	**Infrastructure**	**Git Ignore**	**As a developer, i dont want to see the /target folder being uploaded.**	**.gitignore file has been adjusted accordingly.**	**Ruben**
16	2	2	GUI	change PIN	As a User, i want to be able to change my pin.	If a user is logged in, he can change his PIN	Jenny
17	3	3	GUI	User Account Management	As a User, i want to select my User account.	Added User Account Management list.	Simon
20	8	5	GUI	See graphic	As a User, I want to see the positions of the wounds in a graphic of the human body	Choose a patient -> get the graphic of a human body with the exact positions of the actual wounds of this person	Ruben

		5		Patientengraphik - Positionen eintragen			Ruben
			bei Wrap mit einbeziehen	Bilder unter Ressourcen unterbringen (Eclipse)			
		3		Mitarbeiter wird auf Station angemeldet, auf der er zuletzt angemeldet war; wenn Mitarbeiter noch nicht eingeloggt war, wird er auf seiner Station angemeldet			Simon
		3		Patientenview anpassen/Patienten zur Station anzeigen	aus Ansicht d Patienten in Stationsauswahl kommen und Patienten sehen, die auf Station sind		Eugen
		verschi		Auswahlmöglichkeit: verheilte Wunden anzeigen ja/nein			Ruben
		nach OnlineS		Wrap fertig/OnlineServer nötig dafür			Eugen
		1		Aktualisieren Storyboard			Ruben
		2		App Skeletton aufsetzen und Klassen reinziehen			Eugen
		8		Unsere Daten reinpfriemeln			Stefan

Hospital Wound Management - Feature Archive

#	Rel.	Sprint	Est. Size	Real Size	Category	Short Name	Item Description	Acceptance Criteria	Responsible
1		1	5	8		Toolchain Vaadin	As a developer, i want a working Toolchain to compile a Vaadin project	Win7 Toolchain which compiles a simple „Hello World" for Vaadin.	
2		1	5	8		Toolchain mGWT	As a developer, i want a working Toolchain to compile a mGWT project	Win7 Toolchain which compiles a simple „Hello World" for mGWT.	
3		1	1	2		Doku Toolchain Vaadin	As a developer, i want a documentation about how to set up a Vaadin Toolchain	Step-by-Step documentation on how to set up a Win7 Vaadin Toolchain	
4		1	1	2		Doku Toolchain mGWT	As a developer, i want a documentation about how to set up a mGWT Toolchain	Step-by-Step documentation on how to set up a Win7 mGWT Toolchain	
5		1	3	3	Research	DB-Backend Compatibility	As a developer, i want to know which DB-Backends are compatible with our toolkits.	List of compatible Databases	
7		1	3	2	Research	GUI Contents	As a developer, i want to know how much functionality the GUIs of our frameworks have in comparison.	Document with a general comparison.	
8		1	3	3	Research	GUI native feeling	As a developer i want to know how native the toolkits' GUIs feel on the devices.	collect some studies concerning native gui feeling with the frameworks + give overview over them	
9		1	3	3	Research	Offline-Capabilities	As a developer/product owner/industry partner, i want to know how much offline capabilities the toolkits have.	overwiev concerning the offline capabilities	

Hospital Wound Management - Feature Archive

6		2	2	3	Research	PhoneGap Build - Process Comparison	As a developer, i want to know, whether it is possible to use the PhoneGap Build process with our frameworks.	Document, why it is not possible to integrate the PhoneGap Build/ how to integrate/costs.	
10		2	3	5	Infrastructure	Integrate PhoneGap - Win8	As a developer, i want to use PhoneGap.	PhoneGap is integrated to project; Win8 are releaseable	
27		2	3	5	Infrastructure	Integrate PhoneGap - Android	As a developer, i want to use PhoneGap.	PhoneGap is integrated to project; Android are releaseable	
28		2	3	5	Infrastructure	Integrate PhoneGap - iOS	As a developer, i want to use PhoneGap.	PhoneGap is integrated to project; iOS are releaseable	
11		2	8	8	Infrastructure	Develop-Screen	As a Developer, i want to link to my GUI elements from a 'central' element. Integration of other UI components.	A element with linking capabilities to the other GUI elements has been created. (The provided template has been adjusted accordingly). Code with comments.	stefan
12		2	8	8	Database	DB-Backend	As a developer, i want to be able to access a local DB.	Database + Wrapper implemented -> provide data for patient selection	
14		2	5	5	GUI	lock\Unlock	As a User, i want to be able to log on, using a 4 number pin code and log off.	Login screen with a unlock function. Logout function stub.	
15		2	3	3	GUI	Select Patient	As a User, i want to select different patients	See a list with patients and be able to select a patient. -> stub link to patient picture
